Dear Mayor Smith,

At our February Council meeting our Fire Chief informed us that the sirens at the fire station were working but encouraged the council to make plans to purchase new ones in the near future. The very next night, the engineer that the Town of Hatfield uses informed us that he had seen on Channel 11 news that the city of North Little Rock was getting new weather warning sirens. Since that time, I have had the opportunity to talk with you about the possibility of North Little Rock donating at least one of the sirens you are replacing to the Town of Hatfield.

I would like to make this a formal request for two of your surplus warning sirens for the Town of Hatfield, Arkansas. Your consideration in this matter would be very much appreciated.

Sincerely,

Linda Denton, Mayor
